Healthy Skin. Safe Work.

GREVEN®

GREVEN®
Clear Foam

Application Area
GREVEN® Clear Foam is suitable for the removal of light dirt, e.g. for jobs in offices and administration. Furthermore, it's especially suitable for the food industry.

Product Description
GREVEN® CLEAR FOAM is an unscented, soap- and alkali-free foam concentrate with a skin-neutral pH value and no colorants.

Product Properties
- The moisturizing glycerin preserves the skin's moisture and protects against drying out.
- GREVEN® Clear Foam is very economical compared to washing lotions.
- Since the fragrance- and colorant-free product is HACCP-compliant and NSF E1-registered (Registration Number 174624), GREVEN® Clear Foam is suitable for use in the food industry.

Composition according to INCI*
WATER, GLYCERIN, SODIUM LAURETH SULFATE, PEG-7 GLYCERYL COCOATE, COCAMIDOPROPYL BETAINE, SODIUM CITRATE, CITRIC ACID, SODIUM BENZOATE, POTASSIUM SORBATE

* (International Nomenclature Cosmetic Ingredients)

Application
Apply GREVEN® Clear Foam evenly on the moistened skin. Continue washing adding little water. Rinse off with plenty of water and dry hands thoroughly. If the product goes into the eyes, flush thoroughly with running water. See a doctor if the burning persists.

Certificate of Dermatological Compatibility
The dermatological compatibility of GREVEN® Clear Foam has been carefully tested and proven. A printed certificate is available.

Product Quality
GREVEN® Clean Foam is manufactured according to GMP (Good Manufacturing Practice) requirements which include the most recent EU guidelines.

Environment
All bottles are made of polyethylene and after being completely emptied, they can be disposed of with other polyethylene waste. Packaging is labeled accordingly. The surfactants used are biodegradable and fulfil the legally required minimum degradability of 90 %.

Storage Instructions
GREVEN® Clear Foam will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each bottle.
