

# GREVEN<sup>®</sup> Multi Tec

**Universal pre-work cream**  
for use in areas with both water-based and oil-based hazards

- Strengthens the upper layers of the skin
- Reduces skin stress
- Supports the natural regeneration capability of the skin
- Oil in water emulsion
- Contains nurturing ingredients glycerin, hamamelis and panthenol
- Silicone-free
- Perfumed

**Healthy Skin. Safe Work.**

 **GREVEN<sup>®</sup>**

## Application Area

GREVEN® Multi Tec is suitable for workplaces with constantly changing harmful substances, unspecific skin hazards or where hands are exposed to mechanical stress, e.g. from tools, fiberglass, wire wool or cardboard boxes as well as for workplaces where gloves are worn.

## Product Description

GREVEN® Multi Tec is a pre-work cream with dualistic effect. The oil in water emulsion is free from silicone oil and does not leave an annoying greasy film on work pieces or tools.

## Product Properties

- The dualistic effect of the cream is based on its structure. Ingredients with a barrier function against water-soluble as well as against water-insoluble substances are used.
- As an indifferent barrier, layer silicates are contained in the product, forming a protective layer on the skin, which can only be penetrated with great difficulty by organic workplace substances.
- This function is supported by celluloses, which are able to build a barrier against water-insoluble substances, because of their hydrate cover.
- Among other fatty ingredients, fatty alcohols and esters serve as protection against aqueous substances.
- Additionally, panthenol and vitamin E are anti-inflammatory and support the natural regeneration capability of the skin.
- Hamamelis is a natural tanning agent and stabilizes the upper layers of the skin. Therefore, the cream is also suitable for being used underneath protective clothes, e.g. PVC or rubber gloves.

## Composition according to INCI\*

WATER, GLYCERYL STEARATE SE, CETEARYL ETHYLHEXANOATE, GLYCERIN, CETEARYL ISONONANOATE, TALC, KAOLIN, POLYVINYL ALCOHOL, CETEARYL ALCOHOL, PANTHENOL, HYDROXYETHYLCELLULOSE, HAMAMELIS VIRGINIANA WATER, TOCOPHERYL ACETATE, HAMAMELIS VIRGINIANA EXTRACT, STEARIC ACID, SODIUM LAURYL SULFATE, SODIUM CETEARYL SULFATE, GALLIC ACID, BUTYLENE GLYCOL, PHENOXYETHANOL, METHYLPARABEN, ETHYL-PARABEN, PROPYLPARABEN, BUTYLPARABEN, FRAGRANCE

## Application

Before work and after breaks, apply GREVEN® Multi Tec carefully on the skin, which previously has been cleaned thoroughly and dried carefully. Rub in the cream evenly, paying particular attention to vulnerable areas such as between the fingers and around the nails. Reapply after longer work intervals. The product should not get into the eyes.

## Certificate of Dermatological Compatibility

The dermatological compatibility of GREVEN® Multi Tec has been carefully tested and proven. A printed certificate is available.

## Product Quality

GREVEN® Remo Tec is manufactured according to GMP (Good Manufacturing Practice) requirements which include the most recent EU guidelines.

## Coating Compatibility

The Fraunhofer Institute for Manufacturing Engineering and Automation confirms the general coating compatibility of GREVEN® Multi Tec.

## Storage Instructions

GREVEN® Multi Tec will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each bottle.

## Packaging Sizes

Product No.	Size	Pieces / PU
13042-027	250 ml bottle	24 bottles
13042-026	2000 ml collapsible bottle	4 bottles
