- Silicone-free
- Perfumed
- Contains dirt-binding emulsifiers
- Contains nurturing ingredients glycerin and allantoin

Healthy Skin. Safe Work.

 **GREVEN®**

GREVEN[®] Remo Tec

Application Area

GREVEN[®] Remo Tec is suitable for highly-adhesive dirt such as oil, grease, varnish, paint, adhesive, resin, tar and metal grit.

Product Description

GREVEN[®] Remo Tec is a water-soluble pre-work cream, which prevents the adhesion of dirt and facilitates cleansing of the skin considerably. GREVEN[®] Remo Tec is free from silicone and lipids.

Product Properties

- GREVEN[®] Remo Tec forms a water-soluble protective film on the surface of the skin.
- Dirt-binding emulsifiers prevent the adhesion of dirt particles on the skin. As a result, the skin can be cleaned more quickly and less harshly – often without any need to use special hand cleansing products.
- GREVEN[®] Remo Tec increases the hands' grip and does not leave an annoying greasy film on work tools or work pieces.
- The cream contains moisturizing glycerin and caring allantoin.

Composition according to INCI*

WATER, STEARIC ACID, GLYCERIN, CETEARETH-12, SODIUM SILICATE, LAURETH-4, POTASSIUM STEARATE, MAGNESIUM STEARATE, ALLANTOIN, CAPRYLYL GLYCOL, DISODIUM PYROPHOSPHATE, PHENOXYETHANOL, FRAGRANCE

* (International Nomenclature Cosmetic Ingredients)

Application

Before work and after breaks, apply GREVEN[®] Remo Tec carefully on hands and, if necessary, forearms which previously have been cleaned thoroughly and dried carefully. Rub in the cream evenly, paying particular attention to vulnerable areas such as between the fingers and around the nails. Reapply after contact with water or sweating heavily.

For skin cleansing add little water to loosen dirt, then, rinse off with plenty of water. Afterwards, wash hands/forearms with a gentle skin cleanser, adapted to the type and degree of contamination. The product should not get into the eyes.

Certificate of Dermatological Compatibility

The dermatological compatibility of GREVEN[®] Remo Tec has been carefully tested and proven. A printed certificate is available.

Product Quality

GREVEN[®] Remo Tec is manufactured according to GMP (Good Manufacturing Practice) requirements which include the most recent EU guidelines.

Coating Compatibility

The Fraunhofer Institute for Manufacturing Engineering and Automation confirms the general coating compatibility of GREVEN[®] Remo Tec.

Storage Instructions

GREVEN[®] Remo Tec will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each bottle.

Packaging Sizes

Product No.	Size	Pieces / PU
